No Visitor parking for six (6) months / loading zone

As of 17 January 2022. We will have no visitor parking. This will continue until the Fire Upgrade and Pigtailling Project of the common area (s) is over, which is estimated to be for the next six (6) months. Council had to clear a space in our lot to accommodate Farmer Construction and Mazzies work area(s); thus resulting in the loss of three parking stalls.

It is extremely important that you communicate with your guests that we will not have visitor parking. These stalls are for your fellow neighbours who have lost their parking stalls. There will be no warnings for parking in visitors spots, just immediate tows. We ask that you please respect this. Council is working on getting signage for the three (3) front parking stalls.

In addition, loading zones will be used by Mazzie during the day. Loading zones will alternate as the project moves around the building.

We appreciate everyone's cooperation during this time and apologize for the inconvenience.

If you have any questions, please send an email to Council at council@strata40.ca
